Soul Fuel: Life is full of questions. Some of them you feel comfortable asking, some of them you keep to yourself, but desperately wished you could share openly without fear of judgment. This summer Soul Fuel is geared specifically around your questions and life experiences in an open format discussion. You set the topics, you talk about your life, interact with the discussions that flow from that, and you give input into your peer's lives as a mutual edifying community of believers. We'll talk about some easy questions, we'll also talk about some not so easy questions, and ultimately about how faith and God intersect with real life. Fuel your soul and your spiritual walk with God this summer at Soul Fuel.

Parents Dinner: We realize that the parent is the most influential person in the student's life, so we want to enjoy a dinner with you and discuss how the youth ministry can support you best. We'd also love to hear how your teenager is doing spiritually so we know better how to encourage him/her at church. Sign-ups for parents will be made available both at the youth kiosk at church and on our website.

Wake 'n Ski: Once a month on Sunday Jr. High and Sr. High students get together at someone's house and enjoy an afternoon of water skiing, tubing, wake boarding, knee boarding and more. Afterwards we feast on a cookout together and do a 10 minute Bible lesson that's outreach oriented for your friends that you invite. The cost is FREE!
